It is with sadness we send this message of condolence and heartfelt sympathy on the death of HM Queen Elizabeth II. We stand with you in gratefulness for the excellent example of leadership and dedication that the queen was to everyone around the world.

The entire VCACC membership is thankful that we continue to play a small part in the very special relationship that has existed for so many years between our countries.

In this, your national time of mourning, we also feel great sorrow.

In deepest sympathy,

Evan Ownby, MD

C. Michael Valentine, MD Jennifer Ray Beckman

On behalf of the entire membership of the Virginia Chapter, ACC
